

Enrollment Guide

Tuck Poon

10 June 2024

General Guidance

Before Enrollment

- Ensure the Sensor on the card is Clean and Dry.
- Ensure the Thumb is Clean, Dry and not “Damaged”.
- Practice holding the card normally, pinching the card with Gentle pressure.
- The Thumb should be covering the Sensor.

During Enrollment

- Touches are flat creating a “Pad Touch”.
 - Do not point downwards during a touch. This will create a Bad “Tip Touch”
- **Rotate** your Thumb between touches so different parts of the Finger is captured.
- Do not “slide” the Thumb.
- Do not press too hard. Also do not touch too lightly either.

Examples 1 : Practice holding the card

Hold the card normally.
Thumb covering the Sensor

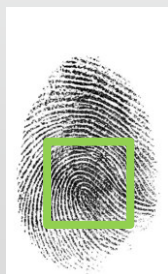

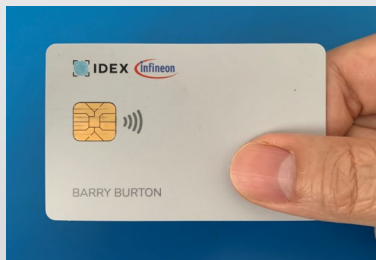

Pressure too light,
Thumb not covering Sensor

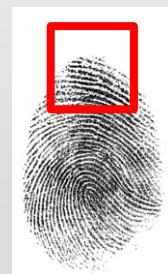

Examples 2

Flat → Pad Touch

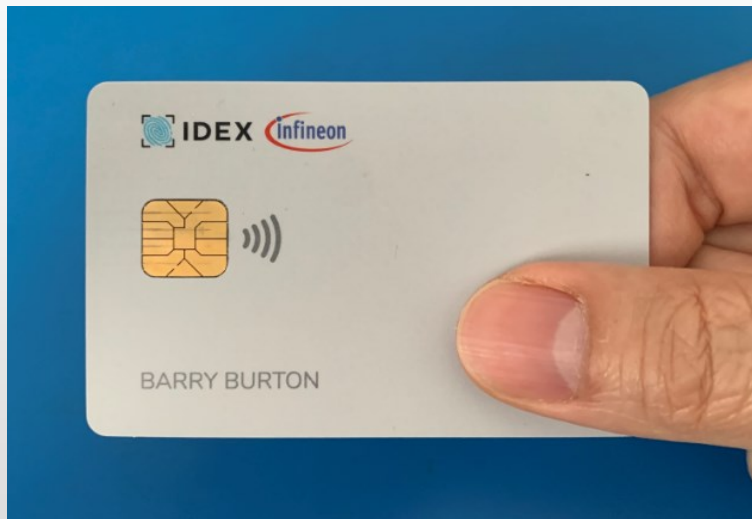

At an Angle → Tip Touch

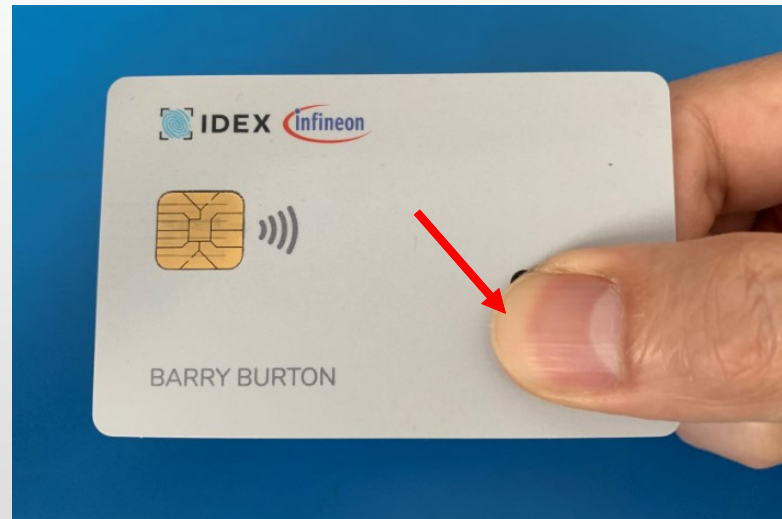

Examples 3

Normal pressure

Pressing too hard !

Thank you
